Technical Skills

Languages, Libraries, and Frameworks

- HTML5, CSS3, JavaScript, SQL, Express.js, React.js, Chart.js, Bootstrap

Tools and Technology

- Git, GitHub, VS Code, Node.js, JSON-Server, PostgreSQL, SSMS, Remote Desktop Connection

Design Principles and Techniques

- Agile, AJAX, Feature Driven Development (FDD), Responsiveness

Projects

Stockio | [GitHub](#) | [Live](#)

- An application that displays charts and financial ratios of equities from the stock market.
- Applied agile methodology and feature-driven-development (FDD) to prioritize and implement application features.
- Dynamically created using JavaScript. Framed and styled with HTML5 and CSS3.
- Developed using AJAX to pull data from the Alpha Vantage API.

Budget-Pal | [GitHub](#) | [Live](#)

- A budget application that tracks purchases and analyzes spending habits.
- Presents charts to examine expenses by making use of React.js components, AJAX, and Chart.js.
- Applied flexbox for responsiveness.
- Developed using React.js, Node.js, Express.js, and Bootstrap. Integrated with PostgreSQL database.

Experience

Business Analyst | Growth4Ever

November 2019 - March 2020

- Installed SQL Database systems, wrote SQL queries, updated SQL stored procedures, added and revised SQL database tables.
- Administered and developed custom, dash-boarding applications that supported better business decision making.
- Corresponded with key clients to gather requirements for business tools.
- Directed work sessions using Microsoft Remote Desktop Connection.

Driver / Courier | Uber Technologies

January 2017 - April 2018

- Transported passengers and meals to their destinations using Uber's driver application.
- Ensured customer satisfaction with timely trips and deliveries.
- Sustained a driver rating above 4.7 across platform services for over a thousand trips.

Education

LearningFuze: Accelerated Web Development Program

- 800+ hours spent coding, programming, and learning.

Indiana Wesleyan University: Associates - General Studies

- Activities - Cross Country and Track & Field, Model UN, Student Government

Personal

Athletics

- Competed at 2014 NAIA Cross Country Nationals Championship, Gym / Physical fitness, Basketball

Travelling

- Domestic Travel, Ethiopia, Greece, Italy, and France
